# MasterCard Debit Card

Miami Savings Bank offers the *MasterCard* debit card to help make your life easier and give you better control over your everyday finances!

### Convenient and Safe

The *Miami Savings MasterCard* debit card works like a check, but it's faster and easier. It allows you to access your Miami Savings Bank Checking account without actually writing a check or taking time to get a check approved. It is also safer than carrying cash.

### Easy to Use and Track Purchases

The *Miami Savings MasterCard* debit card is accepted anywhere the MasterCard® logo is displayed. That is over 12 million places! When you shop with the *Miami Savings Bank MasterCard* debit card, simply present the card to the cashier, sign the receipt, if applicable, and the purchase will automatically be deducted from your checking account. There are no interest charges or service fees involved. To help you keep track of all your purchases, your monthly checking statement will list the amount, date and the place where you made each purchase (which is more detail than you get with a check).

### Ready Cash

With *Miami Savings Bank MasterCard* debit card, you can get cash at all the ATM's you now use. There is no fee for ATM use at one of the Miami Savings Bank branch ATMs. Of course, you can still use cash and checks to buy everything you need, but with your *Miami Savings Bank MasterCard* debit card, you will have a faster, smarter, more convenient way to run errands. That is something no ordinary ATM card can deliver.
